Ellis Cuevas are cutting through the woods in the 16th Section area after harvesting marijuana plants Wednesday. Cuevas and Deputy Glen Strong apprehended David Evan Thornburg and Mark Russell, all of Slidell, as they came out of woods Tuesday night. Further search of woods revealed several other marijuana plants allegedly being nursed by the trio. All three have been charged with growing and cultivating marijuana, possession of marijuana and constabulary, and were placed under a \$2,500 bond each. (Staff photo by Ellis Cuevas)

Health department listed 'inadequate'

July jury submits final report

By BRENT MACEY
Facilities at the Hancock County Health Department were listed as 'inadequate' in a final Grand Jury report submitted Thursday to District Judge Kosta Vlahos.

Construction of a new building is recommended to remedy the problems. Deficiencies listed in the report include:

- "No rest rooms and no water coolers available in waiting room;
- "Inadequate space for interviewing patients;
- "No privacy for interviews with prenatal patients, VD patients, family planning, cancer screening patients, cripple or handicapped patients;
- "Offices and halls are overcrowded with files and boxes of medical supplies in waiting room and hallways."

HANCOCK COUNTY JAIL
During their one week session, the Grand Jury also visited the Hancock County Jail where conditions are described as 'totally inadequate' and the situation 'critical.'

The jury, like many of its predecessors, recommends a new jail be constructed.

"We make our strongest recommendation that the county board of supervisors present a bond issue to responsible voting citizenry for approval before adverse conditions result in loss of life, property, or law suit for non-compliance of federal laws," the report states.

The jury recommended a new facility be built away from the county courthouse.

16TH SECTION LANDS
The report continued, Terry Randolph, county health department manager, for his recommendation of the Section Lands to acquire more money for the Hancock County School District. Randolph has been sending letters to some 60 leaseholders currently leasing some 2,400 acres of county land for some \$700.

The letter requests lease holders re-

negotiate the lease price or face legal action from the Hancock County Board of Education.

Randolph said state statutes require the land re-negotiations to obtain 'at least' a minimum lease price.

The jury also recommended the county school board take action to regain jurisdictional control of 16th Section Lands located within the Buffer Zone.

Randolph said some 60 acres of land were annexed by the Picayune School Board in 1957 when citizens in the area petitioned the Hancock School Board to allow residents attend the Picayune school system for convenience.

"There is nobody living in that area now and the Picayune school district is still receiving money from taxes, income from 16th Section Lands, and

federal revenue in lieu of taxes, for those 60 acres," Randolph said.

The jury also recommended Randolph continue investigating the possibility of reclassifying some 16th Section Lands from forestry to agriculture to generate more funds.

The report concluded that Randolph's

JURY REPORT—Page 6A

County airport, industrial park interest increasing

By WAYNE DUCOMB JR.

Interest in the Hancock County Port and Harbor Commission's waterfront industrial park and airport is apparently increasing.

A commission meeting Thursday night brought a representative of a steel boat building company negotiating in executive session to purchase property in Port Bienville Industrial Park, a report by Commission Director W. Wilson Webre

regarding a barge refurbishing operation's request for mooring space at the park and Stennis International Airport's fixed base operator revealed plans to build a second hangar building.

Edward P. Benebeck of Marraro, I.A., president of Supply Boat Builders, Inc., appeared at the meeting requesting purchase of a portion of Lot Eight in the park including 900 feet of water frontage.

Benebeck met with the commission in

a closed session for some 50 minutes.

The land Supply Boat Builders would like to purchase borders the west side of Engineering Steel's property.

If the company locates here, 100 to 200-foot work boats for the offshore oil industry will be constructed employing some 150 people.

The commission reportedly initially proposed a price of \$10,000 per acre for

INDUSTRY—Page 2A

Bay councilmen question county wastewater plan

By BRENT MACEY

All Bay St. Louis City Council members were present at a Waveland Wastewater Authority meeting Wednesday to hear the authority's proposed plan for a Hancock County managed sewerage treatment facility.

Ray Eaton, authority's engineer from the Lewis Eaton Partnership firm in Jackson, explained the plan already adopted by the county and Waveland.

The plan is pending approval of the Mississippi Bureau of Pollution Control and the Environmental Protection Agency to receive financing. However, the authority hopes to have Bay St. Louis join in order to present a 'united front' to the bureau and the EPA.

At the end of the meeting Waveland Mayor John Longo, president of the authority, summed up Bay St. Louis' alternatives.

"You can join us. You can join the regional three-county authority, or you can go it alone," Longo stated.

All cities throughout the country must meet EPA clean water standards by 1983 or face possible fines or law suits from the federal government.

Longo, in a brief introductory explanation, stated the Waveland Authority's plan is 'the cheapest, most cost effective way to treat wastewater. There are many privileges to be enjoyed if we do it our way at home.'

WASTEWATER—Page 3A

Commission director refuses closure of adopted budget

By WAYNE DUCOMB JR.

Harbor Commission director, night refused to make public a 1981-1982 budget adopted by commission that evening.

He claimed his refusal to release his proposals to spend some taxpayer dollars next year is by a State Attorney opinion.

Commissioners gave rubber approval of the budget for

by the County Board of

is expected to present the budget to the supervisors at a meeting Monday.

Commission director said at the night meeting that Walter supervisor's attorney, con-

attorney general's office, said him public disclosure of

mission budget was not

until the proposal receives

approval by the supervisors.

and has to establish ground

this (proposed budget) is not

an official document until it's approved by the supervisors," Webre stated.

"The budget has always been remanded back (to the commission) for modifications," he added.

Webre explained that two mills of county ad valorem and two mills of state ad valorem taxes are included in the budget.

The commission director then rapidly read through budget items which included \$30,000 for administrative costs, apparently Webre's salary.

The proposal also included \$26,000 for clerical salaries and \$49,000 for maintenance.

Commissioner Ronnie Artigues noted the commissioners' proposed monthly pay was increased from \$150 to \$200 per month.

Some two months ago Webre informed the commission his retirement benefits would be equal or slightly more than his present salary.

After the meeting, when a reporter asked to view the budget proposal, Webre flatly replied, "No!"

Before the budget proposal was read

to the commissioners, Board Member Bud Frierson requested all commission members be present—Commissioner Vic Frankiewicz left the meeting prior to the budget consideration.

Robert Genin, a commission attorney, humorously replied, "Now we won't have a abstention or negative vote."

James DeBlanc, commission president, informed Frierson that the supervisors needed the budget soon for consideration and the commissioner agreed to consider the proposal.

Keesler surgeons successful infant thumb reattachment

more than a week now since Nicole Hinds accidentally severed her thumb while playing in her parent's Pine Haven housing

and she is back home now, and Nicole thanks to the quick

team of Keesler Medical Center, who re-attached her small thumb to her very

hand.

July 9, Nicole fell out of her bed and she fell, she caught her

in a hinge on the playpen. The razor sharp and it cut

Hinds, Nicole's mother. "Her thumb was still caught in the playpen hinge and we couldn't get it loose. I didn't know what to do, but some friends who were there did," she continued. Her husband, Sgt. David Hinds, who is assigned to the pharmacy in the medical center, rushed home.

Diane Lewis and Erady Viktor, family friends, pulled the hinge apart and packed Nicole's hand and dangling thumb in ice.

Nicole was rushed to the emergency room. Within an hour, a surgery team was working on Nicole's small hand and thumb.

The surgery team, headed by Col. (Dr.) David Henges, chief of Or-

thopedic Surgery, and assisted by general surgeon Maj. (Dr.) Dan Atwood of the Keesler Medical Center, performed microsurgery on Nicole's thumb.

The work was done with her hand placed under a microscope while the doctors wore magnifying glasses to work on the half-millimeter veins and tendons.

The surgery lasted five hours. During the operation, Dr. Henges put a pin in her broken bone, about as large as a pencil lead.

One-quarter and one-half millimeter veins and tendons were repaired and restored. All of this was done under a microscope. The doctors told Nicole's

mother that had Nicole been any younger, the tissues would have been too small to repair.

Nicole's hand and arm have been in a cast for a week now and tests indicate that the circulation has returned to the re-attached thumb. The Hinds family will know in about three weeks how much mobility Nicole will regain in her thumb. "Right now things look encouraging," says her mother.

Sgt. Hinds, overjoyed at the care Nicole has received, expressed a special thanks for being in the Air Force. While an operation like this would have cost him a small fortune in a civilian hospital, Nicole's total hospital bill was \$22.

News Brief

JUNIOR LIPTON CUP

Junior Lipton Cup races will conclude Sunday at the Bay-Waveland Yacht Club in Bay St. Louis with a final race scheduled for 11 a.m. Sunday. Two races were scheduled Saturday at 1 p.m. and 4 p.m. with the winners being determined Sunday from the combined three races. The race includes members of the Gulf Yachting Association, composed of competitors from ages 14 to 17 from Louisiana, Mississippi, Alabama and Florida. Flying Scot boats are featured during the two day races.

Sheriff reports 14 alcohol, drug arrests

By ELLIS CUEVAS

Hancock County Sheriff's officers have arrested 14 persons in five days involving various drug violations.

Six of the persons arrested were Louisiana teenagers.

Last Saturday night, according to Sheriff Ronald Peterson, his office received a report of a loud group in the vicinity of an abandoned house off Hwy. 603.

Deputy Fairley Nicaise, after checking out the situation, called for

reinforcements and Peterson, Investigator Delbert Seay, Deputies James Nicaise, and Albert Biehl joined Nicaise.

Peterson said, "We arrived and there were ten people around a fire. We found around two ounces of marijuana, various types of controlled pills, alcoholic beverages which included beer and whiskey, knives, a machete and one .357 Colt Magnum chrome plated.

ARRESTS—Page 2A

Little League All-Star action slated in Bay

Bay St. Louis, Waveland, Hancock Harrison and Central Harrison 11 and 12-year-old Little League All-Star teams will meet in sub-district double elimination tournament action Monday.

Six games are scheduled through Thursday in the tournament, all to be played at McDonald Field in Bay St. Louis.

Hancock-Harrison meets Central Harrison in the opener at 6 p.m. Monday.

Bay St. Louis faces Waveland at 8 p.m. Monday.

The winners of these two games play Tuesday at 6 p.m. Losers in the Monday action will meet at 8 p.m. Tuesday.

Loosing team in the 8 p.m. Tuesday game will meet the winners of the 6 p.m. Tuesday game at 8 p.m. Wednesday.

Winners of the 4 p.m. Tuesday game will meet the winners of the Wednesday game at 8 p.m. Thursday.

A seventh game is scheduled at 8 p.m. Friday, if needed.

The Bay St. Louis All-Star roster includes Troy Haynes, Christopher Artigues, Michael Artigues, all of

Hancock Bank; Michael Weems, Alvin Dedeaux, Thomas-Seuzeneau, Brian Laneaux and Douglas Rhodes, all of American Legion.

Also, Amadee Collins, Gulf National Bank; Robert Glen Rose, Merchant's Bank; Robert Compretta, Riemann's; Mark Gonzales, Monty Strong, and Farnell Galloway, all of Edmond Fahay's.

Jerry Seuzeneau of American Legion is the Bay All-Star coach and Ronald Artigues of Hancock Bank is manager.

News Brief

Herbert Wilson, director for City of Gulfport Parks and Recreation, announced today a special Sunday afternoon demonstration and display in China painting will begin today at 2 p.m. at the Oyster House Recreation Center. Refreshments will be served and a door prize of a Magnolia painted in porcelain will be given away.

There is no charge and the public will be welcome.

Obituaries

WINIFRED BELOTE

Mrs. Winifred Phillips Belote, 80, a resident of Bay Royal Apartments in Bay St. Louis, died Saturday July 18, 1981 at Hancock General Hospital.

Mrs. Belote was a retired school teacher and a member of the Virginia Retired Teacher's Association. She was a member of the Daughters of the American Revolution and an Episcopalian.

She was born in Hebron, Md. and was the wife of the late Garland R. Belote Sr.

She is survived by a son, Garland R. Belote Jr. of Bay St. Louis; a sister, Mrs. Andrew Baird of New Jersey; and two grandchildren.

Her body will be sent from Edmond Fahey Funeral Home in Bay St. Louis to Williams Funeral Home in Onancock, Va. where friends may call Tuesday from 7 p.m. until 9 p.m.

There will be a 11 a.m. service at the funeral home chapel followed by burial in Wicomico Memorial Park Cemetery in Salisbury, Md.

OLIVER CAMPBELL

Oliver Wendell Campbell, 67, of Route 1, Perkinston, died Friday July 17, in Biloxi.

Visitors may call Sunday from 6 p.m. until 10 p.m. at Bradford O'Keefe Funeral Home in Biloxi. Funeral services will be conducted Monday at 2 p.m. at Little Creek Baptist Church in Perkinston, where visitors may call one hour prior to service time. Burial will follow in the church cemetery.

Mr. Campbell is survived by his wife, Pauline Bond Campbell of Perkinston; three daughters, Linda Kay Brookshire of Vancleave, Betty Jean Whitney of Lawton, Okla., and Phyllis Clark of Wiggins; a son, Kenneth Campbell of North Biloxi; nine brothers and sisters; seven grandchildren; and five great-grandchildren.

CMR. JOHN DEMETZ

A graveside service for retired U.S. Navy Cmdr. John A. DeMetz will be Monday at 2:30 p.m. in the Biloxi National Cemetery with full military honors at the graveside.

Cmdr. DeMetz, 76, of 11 Sherman Ave. in Pass Christian, died Thursday July 16, 1981 in Biloxi. The Pass Christian native was a graduate of Harvard University and retired from the Navy Jan. 1, 1965. He was a Catholic.

He is survived by his wife, Ouida C. DeMetz of Pass Christian; John Alexander DeMetz Jr. of Pass Christian and Frederick C. DeMetz of Granada Hills, Calif.; a daughter, Kay DeMetz McGrath of New York City; a brother, Fred DeMetz of Pass Christian; three

sisters; Thelma Miller of Biloxi, Christine Taylor of Long Beach and Isabelle Terrell of Pass Christian; and five grandsons.

Riemann Funeral Home in Gulfport is in charge of services.

ELMER LEE SR.

Mr. Elmer Lee Sr., 86, of McNeil died Thursday, July 16, 1981 in Slidell.

He was a carpenter, a member of the Union Baptist Church, and a veteran of World War I.

He is survived by his wife, Lorena Spiers Lee of McNeil; two sons, Elmer Lee Jr. of McNeil and Larry E. Lee of Pearl River, La.; two daughters, Evelyn Burge of Picayune and Audrey Irene Lee of McNeil; two sisters, Mrs. O.P. Lee and Mrs. Fred Rester, both of McNeil.

Funeral services were at 2 p.m. Saturday at Union Baptist Church in the Caesar community, followed by burial in the Varnado Cemetery in McNeil.

McDonald Funeral Home in Picayune was in charge of arrangements.

LUVELLA NECAISE

Mr. Luvella Nécaise, 67, of Route 1, Box 240 Pass Christian, died Saturday July 18, 1981 at the Garden Parks Community Hospital in Gulfport.

Visitation will be Sunday after 9:30 a.m. at the family residence. Funeral services will be Monday at 2 p.m. at the Infant Jesus of Prague Catholic Church in the White Cypress Community, followed by burial in the Penton Sand Hill Cemetery.

Mr. Nécaise was born Nov. 18, 1913 in Hancock County and was a fire tower operator with the Mississippi Forestry Commission.

He is survived by his wife, Mrs. Viesza Nécaise of Pass Christian; and one brother, Bill Nécaise of Biloxi.

RITA NECAISE

Mrs. Rita Nécaise, 75, died Saturday July 18, 1981 at Miramar Nursing Home in Pass Christian.

Funeral services will be Monday at 10 a.m. at the Annunciation Catholic Church in Kiln, followed by burial in Bayou Cocoa Cemetery.

Mrs. Nécaise is survived by one daughter, Mrs. Charles T. Rogers of Gulfport; two brothers, Repalade Cameron of Kiln and Jesse Cameron of New Orleans; and one sister, Mrs. Nettie Ladner.

ANN POPE

Mrs. Ann Grace Pope, 82, a resident of Perlington, died Friday July 17, 1981 at her residence.

Friends may call at Riemann Funeral Home in Bay St. Louis after 10 a.m. Sunday. Funeral services will be Sunday at 3 p.m. at the funeral home. Graveside services will be Monday at 1 p.m. at the Magnolia Cemetery in Houma, La.

She was born Nov. 12, 1898 in Houma, La. and was a retired telephone operator.

Mrs. Pope is survived by two sons, I.R. Pope, and S.E. Pope, both of Houston, Tx.; one step daughter, Roberta Newton of Charleston, Miss.; one sister, Myrtle Daspit of New Orleans; and three grandchildren.

WILLIAM SELLARS

William Sellars, 79, Rt. 1, Box 820, Gulfport, died Wednesday, July 15, 1981 in Memorial Hospital at Gulfport.

A retired engineer for the Gulfport Veterans Administration, he was a native of Watertown, Tenn., and had been a resident of the Coast for 57 years.

He served with the U.S. Coast Guard during World War II. He was a member of the Polar Star Masonic Lodge 154 F&AM and an elder of the Pineville Presbyterian Church.

He is survived by his wife, Mrs. Mildred Sellars; two brothers, Howard D. Sellars and Thomas M. Sellars, and a sister, Mrs. Cleo Tracy, all of Gulfport.

Friends called from 7 to 9 p.m. at Riemann Funeral Home in Gulfport. Funeral services were at 10 a.m. Friday in the funeral home chapel, followed by burial in Evergreen Gardens.

The family prefers donations to the Pineville Presbyterian Church.

WALTER THOMAS JR.

Mr. Walter Thomas Jr., 49, of Route 3, Bay St. Louis died Saturday, July 11, in Biloxi.

He was born in Onton, Ky. Among his survivors is his father, Walter Thomas Sr. of Calhoun, Ky.

Funeral services were at 3 p.m. Saturday at Bradford O'Keefe Funeral Home in Biloxi. Burial will be Monday at 12:30 p.m. in the Biloxi National Cemetery.

JAMES ZACHERY

The body of James R. Zachery of Clinton was sent from J.T. Hall Funeral Home in Gulfport to Jackson Memorial Funeral Home where arrangements are incomplete.

Mr. Zachery, an employee of Morrison's Restaurant at the Gulfside Baptist Seminary, died Wednesday, July 15, 1981 in Pass Christian.

Arrests

The four adults were David A. Borrello, 19, 5443 Bancroft Drive; William B. Clark, 18, 5621 Bancroft Drive; Michael P. Cahill, 20, 1311 Burbank St., all of New Orleans; and Barry John Slater, 18, 210 West Roberts St., Hammond La.

The six juveniles who were turned over to the Youth Court were ages 15-17 with one being a girl, according to Peterson.

The four adults were charged with the possession of marijuana and contributing to the delinquency of a minor. The youths were charged with the possession of marijuana and alcoholic beverages.

The youths were turned over to juvenile authorities and adults were released under \$500 bonds due to the fact there was no more room in the jail, according to Peterson.

On Monday, after receiving a tip, Peterson reported the arresting of Francis L. Way, 126 Ulman Ave., Bay St. Louis after a search revealed a very large plant growing at his residence. The residence, located across from the Junior High School was searched with a warrant issued by Justice Court Judge John Chevis.

Way is scheduled for a preliminary hearing before Judge Chevis on July 22. He was charged with growing and cultivating marijuana and placed under a \$1,500 bond.

Involved in the arrest were Peterson, Investigators Alvin Ladner and Delbert Seay, Deputies Glen Strong, David Murtagh and Bay St. Louis Police.

On Wednesday, Deputies Ronnie Cuevas and Glen Strong arrested three persons as they came out of the woods in Logtown. The three reportedly had in their possession marijuana plants.

Further search of the woods by Cuevas, Strong, Deputies Fairley Nécaise, David Murtagh, Highway Patrolman Mike Cox and Hancock Investigators Alvin Ladner and Delbert Seay turned up other plants growing in the buffer zone.

The three, all of Slidell, La., were David Walker, 21, 1427 Greenwood St.; Evan Thornburg, 23, 105 Athene Drive; and Mark Russell, 21, 1050 Michigan Ave.

They were charged with growing and cultivating marijuana, possession of marijuana and also possession of controlled substances, Peterson said.

A preliminary hearing is scheduled before Justice Court Judge Lee Klein on July 22. Each was placed under a \$2,500 bond.

The sheriff reports his office has been making arrests at a fast pace during the past two weeks. Most of the arrests involve controlled substances, marijuana and alcohol related violations.

In other police activities, Capt. Paul Bernard and Hancock Deputy David Garcia arrested Elaine P. Gores, Saturday morning. Warrants had been issued by Pascagoula Police and Hillsborough County, Tampa, Fla. through the National Crime In-

formation Center, Washington, D.C. Ms. Gores is being held for Pascagoula and Florida authorities on two counts of forgery.

Industry

property on the east side of the 1,300 foot wide waterfront lot.

Then, the commission reportedly increased the asking price to \$18,000 per acre for waterfront property on the west side of the parcel which contains a swampy area which might be regulated by the Environmental Protection Agency.

The commission justified the price increase because Benezek is only interested purchasing a fraction of the lot on the waterfront which would result in devaluation of the remaining property inland.

Regarding the barge operation, the commission authorized Webre to negotiate mooring fees with a New Orleans company, which plans to refurbish 35 lash barges, 60 feet long each, within the next six months.

Webre said the company would purchase pilings to anchor the barges along the park channel fronting Lots Six and Seven and a portion of Lot Eight.

Commissioner Dave McDonald noted the mooring area would be some 3,200 feet long.

Commission President James DeBlanc voiced approval of the proposal 'just as long as it doesn't in-

terfere with navigation' in the channel.

In reference to the new hanger building, Andy Ewing, owner and operator of Bay Aviation, Inc., reported his company would build the structure if the commission would provide a 160-foot taxiway from the existing hanger apron, a turnaround area fronting the building and foundation fill three feet deep.

Ewing, at a previous commission meeting, requested an additional aircraft apron be built for the new hanger with a taxiway running directly from the runway, but the cost of that proposal was apparently prohibitive.

The commission authorized Webre to negotiate with Advanced Development, Inc. of Bay St. Louis to issue a third change order to an Economic Development Administration project now underway at the airport.

A road providing access to the airport's 'Industrial Airpark' is being built in the EDA project and a previous change order allowed construction of an access road to the new hanger area.

Ewing explained that due to the 50 foot taxiway and 100 foot by 100 foot turnaround area for the hanger, only light planes will be able to utilize the new facility.

In other business, at the 7:30 p.m. regular public meeting in the commission's Waveland offices, the board:

—Authorized withdrawing notice of 'delinquent' payments and a 45-day extension of a lease option agreement with L.K. Moore for Lots 51, 52 and 53 at Port Bienville if three months of past due payments are received.

—Heard a report from Webre that replacement of a rail switch for the Port Bienville Railroad was necessary along with repairs to a trestle and the railway bed. The director said the repairs were necessary to accommodate increased traffic when Borg-Warner Chemical's plant begins production. DeBlanc appointed Commissioners Harry Baxter, Bud Frierson and Bully Zinglering to a railroad committee which will study the matter.

—Heard a report from Webre that electrical service at Bayou Cadet Marina should be increased to a 200 ampere capability to handle air conditioning units and other equipment. He

said quotations for the work would be obtained.

—Heard a report from Webre that a 'spoils easement' should be obtained from E.G. Kelly to place dredged material on his land near the East Pearl River pumped in an upcoming U.S. Army Corps of Engineers main-

tenance dredging project clearing the port's access channels.

.....CONTINUED FROM PAGE 1A

Bay gas increase expected

By BRENT MACEY

Bay St. Louis gas prices will be increasing some 19 or 20 percent, Edward Favre, city clerk, told new council members at a recent meeting.

The councilmen speculated the city will absorb some 12 to 14 percent of the rate increase while a 6 or 8 percent increase will be passed on to the customer.

Favre said the increase became effective July 1; however, he stated United Gas officials have not yet approved the increase and a refund would be extended to customers retroactively if that increase is not approved.

The clerk explained the gas company recently sent a letter to city hall in-

forming his department of an increase from \$2.87 to \$3.41 per 1,000 cubic feet of gas.

Also during the meeting, Mayor Larry Bennett appointed Seymour as Mayor's protest; and reappointed, after approval of the council, Douglas Williams as Chief of Police, Earl Lizana as Fire Chief, Joseph Benvenuti as City Judge.

Also reappointed were: Joseph Gex as City Attorney, Edward Favre as Finance Officer and City Clerk, Estelle Johnston as Tax Collector-Assessor, William Johnson as Utility Department Head, and Danny Johnson as Street Department Head.

UW board adds Diamondhead businesswoman

EVELYN McPHAIL

By WAYNE DUCOMB JR.
A Diamondhead Community resident has been selected to serve as a member of the Hancock County United Way Board of Directors.

She is general manager of the Fairway Villa Resort Motel at Diamondhead, an after-dinner speaker and a deacon of First Presbyterian Church where she also is a Sunday school teacher and youth advisor.

McPhail was previously employed as Diamondhead Corp.'s community services director, the State of Mississippi's liaison director at National Space Technology Laboratories, administrative assistant to the director of the Governor's Emergency Council in Gulfport and administrative assistant to the operations manager of Boeing Aerospace Division in Cape Kennedy, Fla.

She is an active Republican Party precinct worker and 'door-to-door' campaigner.

McPhail has been a campaign worker for Congressman Trent Lott, Hancock County campaign chairman for Sen. Thad Cochran, state organization director for Gil Carmichael's 1978 gubernatorial campaign, the County Republican Executive Committee secretary, State Republican Party Executive Committee member, State Federation of Republican Women first vice president, 'Reagan for President' State Steering Committee member, Republican National Convention alternate delegate and Mississippi's Republican National Committee member.

She attended Mississippi University

for Women as a secretarial science and accounting undergraduate student, and University of Southern Mississippi at Gulf Park in Long Beach as a business administration and personnel management undergraduate student.

The new United Way board member is married to John McPhail, a quality control engineer with Martin Marietta's Space Division in New Orleans, and they are the parents of three children and four grandchildren.

The County United Way's 1981 fund raising campaign is scheduled this fall. The goal in this campaign is to raise some \$40,000 in donations to partially support 14 agencies, most of which serve local residents.

This year's campaign chairman is Patricia Harville of Waveland.

Individuals, organizations or firms interested in assisting in the campaign or those seeking information regarding the United Way and its recipient agencies should call Executive Secretary May Beyer at 467-5358.

Wastewater.....CONTINUED FROM PAGE 1A

Eaton then explained the 28 page plan. During the explanation he was often interrupted by questions from members of the Bay Council.

Eugene Taylor, Ward I councilman, asked if the proposed plan is sufficient to meet the needs of projected county population growth.

The Waveland treatment plan was constructed in part to handle some 1.6 million gallons of sewerage a day, Eaton said.

He stated the plant now handles some 500,000 gallons of wastewater a day from Waveland and would be treating some 1.2 million gallons per day if Bay St. Louis joined.

He stated the plan, which includes having Bay St. Louis connect to the Waveland treatment plant and having parts of the Waveland plant expanded, will be sufficient for the next 20 years.

He invited Taylor and other council members to come to Jackson to study effluent flow charts and projected population growth patterns pertaining to Hancock County. The councilman said they would be making that visit.

Longo said he would like to make the plan big enough to handle growth for the next 50 years but stated he felt funding would not be available for such a large project.

Councilman James Thrifflay III, questioned a portion of the plan which mentions using general obligation bonds to secure local funds for the connecting Bay St. Louis to the

Waveland plant.

Eaton explained that a revenue bond should be used instead of a G.O. bond since the treatment project is a revenue producing facility.

He said the Farmer's Home Administration would 'step in' and secure bonds at five percent interest if the city found other bond interest rates to be too high.

Wilmer Seymour, council president, stated after the meeting, "What can you do. Nobody wants to have to pay for an increase on their sewer bill, but we have to do something."

He added, "I think the Waveland plan is the cheapest way to go."

Recently the State Department of Natural Resources has warned those communities opposed to joining the three-county regional authority that strict fines may be imposed and federal funds cut off if quick action is not taken to resolve the wastewater issue.

The department has scheduled a meeting July 29 in Biloxi to discuss that possible enforcement action. All local governments are invited to attend.

Longo and Bay St. Louis Mayor Larry Bennett, said they have yet to be invited to that meeting.

Longo referred to the meeting as 'a last ditch effort' by the three-county regional authority to get cities along the coast to join.

He stated he would 'certainly' attend if invited.

NASA reviews mishap

By WAYNE DUCOMB JR.
An investigative team has been appointed by the NASA Marshall Space Flight Center in Huntsville, Ala. to review a malfunction which occurred Wednesday afternoon during a ground test of a development space shuttle engine at NSTL.

At the 233-second point in a firing of engine 2108 the engine was cut off by a temperature sensor on a high pressure oxygen pump.

The engine injector and nozzle were damaged.

There was no reported damage to the facility.

The duration of the test was to have been 500 seconds.

The cause of the malfunction has not been established.

This engine is one of three that have been fired repeatedly in recent months as a part of a research and development program to upgrade the space shuttle main engine to 100 percent of its rated thrust.

This engine had been fired 28 times for a total of more than 10,000 seconds operating time, both in its present configuration and prior to a modification which made it ready for sustained testing at the 100 percent thrust level.

Eleven tests have been conducted since the modification, for a total of 4,163 seconds.

The test being conducted was a research effort aimed at product improvement.

Engine 2108 is different from the flight type engines which are installed on the Columbia and which have operated through one mission.

This incident is expected to have no impact upon the Space Transportation System - II flight planned for this fall.

Heading the investigation is G.D. Hopson, director of the Marshall Space Flight Center Systems analysis and Integration Laboratory.

Committee elects Colson

Richard Colson, MD was elected vice-chairman of the ad hoc committee on perinatal care, an advisory committee to the Mississippi Health Care Commission.

The committee advises the commission on maternal and infant health needs on a statewide basis.

Dr. Colson has been a member of the Memorial Hospital at Gulfport medical staff since 1968.

He is presently chief of the obstetrics and gynecology section and serves on the hospital's planning committee.

Dr. Colson is associated with Drs. Hurd and Ira Gaddy in the practice of obstetrics and gynecology in the Gulfport OB-GYN Clinic.

Senator Thad Cochran

SPECIAL REPORT:

Nuclear Waste Disposal

The possible storage of nuclear waste material in Mississippi, has alarmed many of us for some time.

Particularly concerned are those residents of South Mississippi in the Perry County area where the Richton and Cypress Creek salt domes have been mentioned as possible storage sites.

I am opposed to inhabited areas being used as storage sites for nuclear waste, and have conveyed my sentiments in the strongest possible terms to Energy Secretary James Edwards.

In addition, I am sponsoring legislation to permit the states to participate fully in the decision-making process to locate nuclear waste disposal sites.

The bill would give Mississippi a very strong role to protect against indiscriminate selection of local sites for nuclear waste disposal.

I have informed Secretary Edwards, whose department is charged with overseeing the nuclear waste problem, that I do not believe such dangerous material should be disposed of in populated areas such as the state of Mississippi.

I questioned him closely about his department's site selection procedures when he testified before our Senate Appropriations Subcommittee on Energy and Water Development.

Since his appearance before our committee earlier this year, I have reminded him in writing of my concern and opposition to any such waste disposal in Mississippi.

Other members of our state's Congressional delegation share this concern, and we are working together to an effort to protect the interests of the citizens in our state.

Hasty action by the Department of Energy on a problem which has been under study for over three decades can create havoc and disruption in many ways.

In Mississippi's case, those people whose health, safety and property might be affected by a site location should certainly have every opportunity to make their views known,

as well as to learn all the relevant facts. Also, local and state officials must be given a chance to study all aspects of any federal proposal and participate in a full and complete hearing before any final decision is made.

In addition to our efforts legislatively and administratively, we have also been working with state and local officials in Mississippi concerning this problem.

Recently, we met here in Washington with the representatives of a citizens group from the Perry County area and discussed possible avenues of approach to this very serious problem.

I am deeply disturbed by reports that one government consulting firm's study might recommend storing nuclear waste in the Richton salt dome and requiring possible relocation of most of the town.

Such consequences are not satisfactory with me, and I don't think that would be any solution at all to the problem.

There are vast stretches of mountainous terrain and desert that are practically uninhabitable which would present far less potential hazard for populated areas than a salt dome location in Mississippi.

One of the things our bill, S. 95, does is to put the burden on the federal government to prove that a prospective site meets all safety requirements and merits the approval of Congress before it can be finally selected for nuclear waste disposal.

I am determined to do everything in my power to see that our state is protected against the federal government unilaterally forcing this nuclear waste upon us, without regard to the feelings, well-being or property rights of citizens in the affected area.

The argument is made against our legislation that we are running out of time and cannot afford delay any longer.

Well, I strongly disagree. Prudence and caution dictate that we not rush into a potentially disastrous federal decision just so we can say we have done something.

PARTIAL ECLIPSE—A partial eclipse of a full moon Thursday night gives the impression the moon is only three-quarters full. This picture, taken with a 400 millimeter lens with a one-quarter shutter speed and 5.6 f-stop, was taken at approximately 11:30 p.m. the night of the eclipse. Scientists estimated that a maximum 55 percent of the moon was covered by the Earth's shadow at 11:47 p.m. that night. (Staff photo by Brent Macey)

Small-business Angle

by Wilson S. Johnson

SOCIAL SECURITY REFORM A MUST

A small-business man told me recently, "We haven't hired anyone since 1979 because their wages, plus Social Security and workmen's compensation were costing us more than the workers were bringing in. We could use more help, but we just cannot afford to pay them."

Payroll taxes now take a greater share of the earnings of many small-business people than income taxes. The employer and employee together now pay more than 13 percent of wages in Social Security taxes alone. That is why small-business people are clamoring for reform of the Social Security system.

Small business in America is responsible for two-thirds of the jobs created over the past decade, but the ever increasing Social Security taxes threaten to choke off that supply of new jobs at a time when unemployment is a major socio-economic concern.

The National Federation of Independent Business (NFIB) commissioned a study of the Social Security system by Stanford University economist Michael Boskin. Based on that study, NFIB concludes that to truly solve the long-term problem, the system must be divided into two parts.

One would be a retirement insurance program. Everyone who paid Social Security taxes could expect to receive what they and their employers paid in

plus interest - through an annuity insurance plan. While few people realize it, most Americans now get back six to seven times the amount of money they paid into the Social Security fund!

The second part of the plan would be a supplemental retirement benefit funded from general tax revenues and paid to those whose Social Security payment, combined with any other sources of revenue, is insufficient to maintain a minimum living standard.

In the NFIB proposal, social transfer payments to the non-poor would be eliminated. That would result in a net cost reduction. It would also make the system more equitable. Everyone, including the young, could expect a fair return on his or her Social Security tax dollar, (a situation that does not exist today).

Finally, programmed increases in Social Security taxes could be somewhat reduced. The small-business person would have more money to hire workers.

Political leaders in Washington say 1981 is the year for meaningful Social Security reform. The small-business men and women I talk to say it can't come too soon.

Wilson S. Johnson is president of the National Federation of Independent Business, representing more than half a million small-business men and women.

LETTERS TO THE EDITOR

Right to know reinforced

by reader's desire to know

Dear Sir:

Congratulations to Mr. Haskell on his observation of coverage given to nuclear storage in Mississippi.

There are a few other items that receive inadequate coverage, i.e., the night of July 11 a car was struck by the L&N Railroad at Waveland Avenue.

Nothing was written on the subject! Why do the motorists of Hancock County have to spend three cents on the gallon of gas to subsidize the Port and Harbor, which is a haven for tax exempt industries who employ more employees from Louisiana than from Mississippi, and Stennis Airport, while the city and county has to go begging for money to repair the beach road?

Why isn't more written on the possibility of drilling to be done in the Bay?

It is strange, after the storm Camille, no one wanted our beaches cluttered with hotels. Fine. But when these mystical names like DuPont, Borg-Warner, or some big oil company come along, we are suddenly on an ego trip. I think that we deserve to know more than what is put out at a Board of Supervisors meeting, a school board meeting, or a city council meeting.

We need to know more than this mayor's opinion on sewage. We need to know real costs, the real advantages or

disadvantages, not just the view of the politicians.

We need to know how and why our gasoline tax money for Port and Harbor and Stennis Airport are being spent. We need to know what drillers are purposing to protect the environment from spills, and what they are willing to pay in case of a spill.

Why is the poisoning of three dogs given greater coverage than an auto being struck by a train? Will it take a school bus being struck, or a derailment and chemical spill before anyone will take these grade crossings seriously.

Why, when covering the story about the livestock, didn't the reporter check to see just how many people in Waveland have livestock? Or what the zoning laws are? I am sure the reporter could have looked them up.

What I am trying to say is, "We have a right to know. We have a right to know everything, not just that information that the politicians, corporations, or bureaucrats want us to know."

I lay this at your door step. Let me say in closing that the poisoning of dogs is newsworthy, but so are any conditions that effect the health and welfare of the entire community.

Sincerely,
E.F. Hasney

Collector seeking tokens 'good for' retail services

Dear Editor,

I am an elementary school principal in Tyler, Texas and I have a somewhat unusual hobby.

I collect old tokens used by stores, barber shops, lumber companies, saloons, and other businesses, years ago.

These tokens were "good for" \$1, 50 cents, 25 cents or such in trade or merchandise or "good for" one loaf, one drink, one shave, one trip or whatever.

They were usually made of metal, and while having the general appearance of a coin, they were made in all shapes and sizes.

I have reason to believe that some of these tokens were used in your area and I would be most interested in obtaining some of them for my collection.

I would like to hear from anyone having one or more of these tokens or from anyone that might be able to help me. Any help that you can give me of

any kind is greatly appreciated. Thank you and best wishes.

Sincerely,

Robert Fleet
3013 Club Lake Dr.

LETTERS POLICY

The Sea Coast Echo welcomes comments from its readers on subjects of general interest. Letters must be signed and include address or phone number so that the sender can be contacted by the newspaper if necessary. Letters should be brief, preferably typewritten and double spaced, and conform to standards of good taste. Letters of thanks and expressions of appreciation are considered inappropriate for the Letters To The Editor columns.

—Ellis Cuevas, publisher

Chemical burns can damage eyes

Chemical burns of the eye are very serious and may lead to blindness if immediate action is not taken. Speed in removing the burning chemical is all important.

Drain cleaner, bleach or other cleaning solutions are some chemical agents that can burn the eye.

Flush the eye immediately with large quantities of cool running water for about ten minutes to rinse out the offending chemical.

Hold the victim's head under a faucet, prop the eyelids open and allow the water to run from the inside (near the nose) to the outside. If both eyes are affected, let the water flow over both or quickly alternate from one eye to the other.

Pull back eyelids so all parts of the eye will be cleaned.

The American Medical Association's Handbook of First Aid and Emergency Care suggest that if no faucet is available, fill a sink or large pan with water and have the victim immerse his face and blink frequently.

After flushing thoroughly, cover the injured eye with a pad of sterile gauze or a clean folded handkerchief and bandage in place. Do not allow the victim to rub his eyes. Get medical attention promptly, preferably from an ophthalmologist, or at the nearest hospital emergency room.

Never attempt to remove a foreign body that is sticking to the eyeball. Particles of eyelashes or specks that are resting or floating on the eyeball or inside of the lid may be carefully removed.

If the foreign body is sticking to the eyeball or into the eye, let it alone and get medical attention promptly. If it is floating on the eyeball, gently pull upper eyelid down over lower eyelid and hold for a moment. This causes

tears, which will hopefully wash out the particle.

If this doesn't work, fill a medicine dropper with warm water and flush out the particle. If this fails, carefully lift the particle out with a moistened corner of a clean handkerchief or cloth.

Any cuts to the eye can be very serious. Cover the injured eye with a sterile pad or gauze or clean folded cloth, bandage in place and get to a doctor quickly.

For a hard blow to the eye from a ball, fist, etc., apply cold compresses, keep the victim lying down if possible, and get to the doctor.

The Bottom Line

Candid Answers To Your Questions
About Advertising and Business Topics.By S. GALE DENLEY
Associate Professor of Journalism
University of Mississippi

I've decided not to buy from any stores that advertise, for their prices are bound to be lower if they don't run up big advertising bills. I Am Trying To Save A Buck.

Dear IATTSAB: If the stores that don't advertise were all in the same area they would probably go broke in a week. And if they were in the same town, you would have a sick town.

For aggressive merchants complement each other and the composite of business makes for a local marketplace.

Advertising is necessary for success - it is a major economic force and to ignore or fight it is absurd for merchants or customers.

If you truly get lower prices at a store that doesn't promote, it is most likely for other reasons - less variety and selection, lower overhead (other than advertising), etc.

For under the same economic conditions the store that successfully promotes, can, and usually will, have a lower mark-up due to the higher volume of sales.

Percentage of profit is going to vary from one operation to the next. But the

greater the volume the lower the percentage will be.

Furthermore the volume seller can buy for less and this means even more savings.

You may enjoy your crusade for a while, but as in most abstinence movements it will become progressively less attractive - particularly as you feel yourself slipping out of the mainstream of the local market.

You can occasionally find little stores that, due to low overhead, have low markups - but you and they also miss out in new merchandise and special promotions.

Do as you like, but get your reasons straight. The low markup outlets are seldom non-advertisers.

Remember the order of things - ads bring more sales, more sales allow volume buying and lower markups, and more sales and lower markups allow for more attractive prices.

Send Questions or Comments to S. Gale Denley, Associate Professor, Department of Journalism, University, Miss. 38677.

BE A GOOD CITIZEN.

Wouldn't it be nice to have a clean city for our children to grow up in? Children learn by example, teach your child not to litter.

The Cleanup and Beautification Committee of The Hancock County Chamber of Commerce

Bits 'n pieces

Many of us will be watching the Miss Universe Pageant on CBS Monday night for several reasons.

One of the main reasons, will be to on the lookout for Virginia Wagner of Bay St. Louis who is the head chaperon for the lovely ladies.

The other of course will be to see how Miss USA, Kim Seelbrede of Germantown, Ohio fairs in the contest.

Miss Seelbrede was crowned Miss USA at the Gulf Coast Coliseum on May 21.

We wish Virginia has a good time in New York and enjoys her task as the head chaperon, we know she has a lot of work.

We feel it is an extreme honor for Bay St. Louis to have a person in such an important position in charge of 80 beauties from throughout the world.

By the way, on Saturday, Randy was still trying to get me to let him cover the big Miss Universe Pageant Monday in New York. He got spoiled taking the photos of the Miss USA contestants when they were on the Mississippi Gulf Coast in May. He claims it was all work, but some of us have our doubts.

Monday is the deadline for making reservations for the Annual Farm City Tour, sponsored by the Hancock County Chamber of Commerce in conjunction with the Hancock County Farm Bureau and the Hancock County Extension Service.

The tour will take place Thursday, and we urge all chamber members who can sneak away for a day to try and take advantage of the educational opportunity on Hancock County.

We have made several of these tours in previous years, and a person not too familiar with the county would be surprised about all the activities taking place.

Many are concerned of the possibility of a Postal Service strike scheduled for Monday night.

We probably depend more on the mail service than many of us are aware of, and this could be a real inconvenience.

We are told it is illegal for the postal workers to strike, but there have been some wildcat strikes in several cities a couple years ago.

We hope everything will be settled by Monday night and there will be no attempted strike.

10. GET TO A SHADY PLACE. If you are outdoors, get to a shady place as soon as possible. A tree, a porch, or a building will help protect you from the sun.

11. DRINK FLUIDS. Drink plenty of fluids, especially water. Avoid alcohol and caffeine, which can dehydrate you.

12. WEAR PROTECTIVE CLOTHING. Wear light-colored, loose-fitting clothing that covers your skin. A wide-brimmed hat and sunglasses can also help protect you from the sun.

13. TAKE BREAKS. If you are working or exercising outdoors, take frequent breaks in the shade or indoors to cool down.

14. AVOID PEAK HEAT. Try to avoid being outdoors during the hottest part of the day, typically between 10 a.m. and 4 p.m.

15. KNOW YOUR LIMITS. Listen to your body and stop if you feel dizzy, nauseated, or exhausted. Don't push yourself too hard.

16. STAY HYDRATED. Drink water regularly, even if you don't feel thirsty. Water is the best fluid to drink.

17. USE SUNSCREEN. Apply a broad-spectrum sunscreen with an SPF of 30 or higher to your skin before going outdoors.

18. COOL DOWN. Use fans, air conditioning, or cool showers to help lower your body temperature.

19. AVOID EXERCISE. Avoid strenuous physical activity during the heat of the day.

20. SEEK MEDICAL HELP. If you or someone else shows signs of heatstroke, seek medical attention immediately. Heatstroke is a life-threatening condition.

21. REMEMBER: Prevention is key. By following these tips, you can avoid the dangers of heat and stay safe and healthy during the summer months.

22. STAY SAFE. Always be aware of your surroundings and take necessary precautions to avoid accidents, especially when driving or working outdoors.

23. ENJOY THE SUMMER. While it's important to stay safe, don't forget to enjoy the beautiful weather and make the most of the summer season.

24. BE RESPONSIBLE. Follow traffic rules, drink responsibly, and be a good citizen to ensure a safe and enjoyable summer for everyone.

25. HAVE FUN. Summer is a time to relax, have fun, and create lasting memories with family and friends. So go ahead and enjoy every moment!

26. STAY HEALTHY. Maintain a healthy diet, exercise regularly, and get enough sleep to keep your body in the best shape for the summer.

27. BE PREPARED. Have a plan in case of emergencies, such as a fire or natural disaster, and know how to use fire extinguishers and first aid kits.

28. RESPECT NATURE. Enjoy the outdoors responsibly by following Leave No Trace principles and protecting the environment.

29. BE POLITE. Show respect to others and follow social etiquette to ensure a pleasant summer experience for all.

30. HAVE A GREAT SUMMER! Enjoy every day, stay safe, and make the most of this wonderful time of year!

DOWN HOME
By Darlene Underwood
Hancock County Extension
Home Economist

BEAT THE HEAT: I have recently had several inquiries concerning information on hyperthermia. This is a medical term meaning an abnormally high fever; hyperpyrexia. The layman's term for the condition is heat stroke.

Many times death from heat stroke is the result of an individual remaining in an unventilated house after the temperature has built up to an extreme. The elderly, particularly those with chronic disease, are the most susceptible. Drinking lots of water and getting in the coolest available place, even if it's just under the shade of a tree can prevent illness or even death from heat stroke.

1. SLOW DOWN IN HOT WEATHER. Your body has a greater work load when temperatures and humidities are high. Don't force it.

2. DRINK PLENTY OF WATER. Heat-wave weather can wring you out before you know it, so don't dry out.

3. HEED EARLY WARNINGS OF HEAT STRESS, SUCH AS HEADACHE, HEAVY SWEATING, HIGH PULSE RATE, AND SHALLOW BREATHING. Take a break immediately and get to a cooler place.

4. DRESS FOR HOT WEATHER. Lightweight, light-colored clothing reflects heat and sunlight and helps you maintain normal body temperature. A well ventilated hat is important heat protection.

5. EAT A VARIED DIET. Get the proper balance of nutrients by including the recommended servings of foods from the Daily Food Guide: 4 servings of fruits and vegetables, 4 servings of breads and cereals, 2-3 servings of milk and dairy products, and 2 servings of meat, poultry, eggs, dried beans and peas. Reduce intake of fried foods and rich desserts.

6. AVOID THERMAL SHOCK. Get used to warmer weather gradually. Take it easy those first two or three critically hot days. With proper care your body will probably eventually adjust.

7. GET OUT OF THE HEAT OCCASIONALLY. Physical stress increases with time in heatwave weather. Try to get out of the heat for at least a few hours each day. If you can't do this at home (or in air-conditioner tractor cab, stop at a cool store, restaurant or under a shady tree - anything to keep exposure time down.

8. DON'T GET TOO MUCH SUN. Sunburn makes the job of keeping cool much more difficult. Sunburn can be dangerous.

HEAT EMERGENCIES: An individual who "collapses" from heat, although perspiring freely, is usually suffering simple heat exhaustion. A more serious condition of heat stroke may occur when he does not perspire, developing rapidly rising body temperatures and hot, dry skin. In addition, heat cramps - painful muscular contractions - may accompany heat exhaustion or heat stroke or may appear independently.

HEAT EXHAUSTION - How to tell:
1. May occur indoors.
2. Skin is cold, pale, clammy from perspiration.
3. Patient may feel weak and faint.
4. Nausea and vomiting may be present.
5. Occasional brief loss of consciousness.

What to Do:
1. Move to a cooler place but protect from chilling.
2. Keep lying down with head level.
3. If consciousness isn't prompt, lower head and elevate feet.
4. Give water as tolerated.
5. Arrange for medical care.

HEAT STROKE - How to tell:
1. Mental confusion, staggering gait, or unconsciousness.
2. Skin is hot, dry, flushed (in contrast to cold, clammy skin of heat exhaustion).
3. Patient may complain of being extremely "hot".

What to Do:
1. Move to a cooler place.
2. Lay patient with head elevated.
3. Sponge body with cool water.

4. THIS COULD BE SERIOUS. Obtain medical care.

HEAT CRAMPS - How to tell:
1. Sudden onset of muscle cramps in limbs or abdomen.
2. Follows strenuous activity in heat.
3. Skin is generally hot and dry.

What to Do:
1. Give water.
2. If not promptly relieved, arrange for medical care.

Montgomery pushes bill to hike veteran pensions

Chairman G. V. (Sonny) Montgomery (D-Miss.) reports the House Committee on Veterans Affairs has approved for consideration by the House a bill that would grant an 11.3 percent average cost-of-living adjustment in compensation to veterans with service-connected disabilities and to survivors of those who have died as a result of service-incurred disabilities.

"This is good news from Washington," said Mike Ladner, Hancock County veterans service officer.

Taking note of the strong leadership of Congressman Sam B. Hall (D-Texas), Chairman of the Subcommittee on Compensation, Pension and Insurance, Montgomery said: "Sam Hall places the very highest priority on benefits and health care for our service-connected veterans and their survivors and getting this bill to the House Floor will enhance the

lives of more than 2,600,000 of them."

In urging the committee to adopt the bill, Hall said, the compensation and DIC rate increase "would offset the rise in the Consumer Price Index since the latest rate increase of October 1, 1980." Hall stressed that "the legislation is necessary since rate increases to offset inflation are not indexed by law."

As reported, H. R. 3985 would also increase the maximum Servicemen's Group Life Insurance and Veterans' Group Life Insurance from \$20,000 to \$35,000. The new ceiling marks the first increase since 1974 and reflects the approximate amount needed to cover the increase in the CPI since that date.

A self-supporting program, this measure will result in no expense to the taxpayer or increase in the budget. In

raising the maximum level, Montgomery noted the increase "is strongly supported by the Department of Defense."

In an effort to reaffirm the proper oversight function of Congress, the Committee included a provision making any plan on the part of the Administration to consolidate VA regional office functions subject to the prior approval of Congress.

Montgomery said the amendment to current law was prompted by the Administration's plan earlier this year to transfer some 12,000 personnel from VA's 58 regional offices to a centralized location.

Further, to ensure the availability of appropriations and of funded personnel ceilings, the bill would also require the director of OMB to provide to the VA all funds appropriated by Congress for such personnel in all departments.

Montgomery said: "These provisions of the bill will assure VA employees that proposed consolidation plans in the future would be appropriately reviewed by Congress before implementation." In praising the current OMB director, David Stockman, for informally agreeing to restore cuts originally proposed for the medical program, Montgomery stated that "the change in current law is necessary in order to assure that future OMB directors will not circumvent the will of the Congress."

Another provision of the bill would correct inequities which arose last year when Congress adopted the Defense Authorization Bill. This provision clarifies the intent of the Congress regarding the bar to payment of benefits when a member of the All Volunteer Force does not complete at least 24 months of his obligated period of service.

Other provisions of the bill would permit GI insurance to be paid in a lump sum in those cases where the veteran does not indicate how payment is to be made and would prevent a small number of blinded veterans from losing part of their pension while un-

Money Talk
By Norine Barnes

One of the biggest expenses of home buying is the down payment.

While few exceptions, the house buyer will be expected to make a down payment ranging between .5 and .40 percent of the purchase price.

The minimum down payment that will be required depends on the type of financing, age of the house, your ability to repay the loan, local lending practices, and availability of mortgage money.

If your savings exceed the minimum down payment required, you may consider making a down payment larger than the minimum.

Because there are advantages and disadvantages either way, seriously consider both arguments.

Reasons for making a larger down payment include:

1. It is easier to obtain a mortgage when money is tight.
2. The interest rate may be lower, thus the total amount paid for interest will be less.
3. Monthly mortgage payments will be lower.
4. Equity in the house will build faster.

Reasons for making a smaller down payment include:

1. More money is available for other uses, including savings, closing costs, decorating, moving, and so on.
2. Inflation reduces the real costs of future principal and interest payments because future dollars will purchase less.
3. Mortgage money is the cheapest money to borrow.
4. It may be easier to sell the house in the future if the buyer is able to assume your mortgage.

Dollar discusses legislative session

State Representative Dennis Dollar was the guest speaker at the regular monthly meeting of Harrison-Hancock Legal Secretaries Association on Thursday, July 9.

Dollar is currently serving his second term in the Legislature.

His subject was the accomplishments of the 1981 session including a minimum standards bill for law enforcement officers, a highway bill-increasing truck weight, an open meetings bill and a bill for the reform of the state Justice Court system.

Dollar spoke briefly on some of the bills that did not pass.

A legal education quiz on parliamentary procedure was conducted by Janice Rodgers, legal education chairman.

Ilyne Stewart, state seminars chairman, announced that a regional seminar will be held at the First Judicial Courthouse in Gulfport on August 28.

This all-day educational seminar will be open to the public and will cover law office manual, legal malpractice, unauthorized practice of law by the legal

secretary, law office accounting and Federal Court procedures.

Guests were Rhonda Patton, employed by the law firm of Cook & Tucker, Bay St. Louis, and Billie J. Ruddick, employed by the law firm of Martin & Taylor, Gulfport, and Ronnie Breland, employed by Attorney Eddie Miller.

Hospital laboratory accredited

The Memorial Hospital at Gulfport Pathology Laboratory under the direction of William D. Atchison, MD has been awarded a certificate of reaccreditation by the College of American Pathologists, a medical specialty organization of more than 5,000 pathologists.

John K. Duckworth, MD, chairman of the commission on laboratory accreditation, said the laboratory has received its fourth two-year certification by the college's commission on inspection and accreditation.

Diamondhead residents eligible for insurance premium reduction

By WAYNE DUÇOMB JR.

Diamondhead Community home owners are now eligible for a 10 to 15 percent reduction or rebate on fire insurance premiums.

Ed Friloux, Diamondhead Fire Department fire safety administrator, Thursday confirmed that the Mississippi State Rating Bureau Wednesday upgraded the community's fire rating from eighth class to seventh class after a recent inspection of fire fighting and protection facilities.

The fire safety administrator said he will announce the rating improvement at the Hancock County Board of Supervisors' Monday meeting at 9 a.m. in the Bay St. Louis Courthouse.

Diamondhead residents are now entitled to the same fire insurance rates offered in Bay St. Louis which is also a class seven area—the highest rating in the county.

Friloux explained, "Owners of homes or business structures within our district are entitled to a 10-15 percent reduction of fire insurance rates

depending on the insurance company and the type of structure covered."

He noted that Diamondhead structure owners who have renewed fire insurance policies between Jan. 1 and July 14 of this year are entitled to a premium rebate.

The fire safety administrator also advises holders of policies written by out-of-state insurance firms to obtain a copy of the rating bureau's letter at the Diamondhead Fire Station and forward that document to their insurance company to obtain the premium reduction or rebate.

Friloux pointed out the Kiln Volunteer Fire Department's recent rating improvement to class nine prompted Diamondhead's improved classification coupled with the community's recent construction of a fire station and other improvements.

"Our rating could also help Kiln receive a class eight rating," Friloux stated.

He said the state rates fire departments every four years, but since

Diamondhead's fire fighting capabilities improved considerably after a 1979 inspection, the unit's Board of Fire Commissioners felt another inspection was necessary.

In a letter to Luther Grice, Diamondhead Fire Commission chairman, a rating bureau representative reports that the community fire department "is barely within a class seven."

Friloux explained that the rating bureau inspector recommended additional manpower, a new fire engine, and various equipment and tools to "strengthen" the department's state rating.

He said the inspection considered the station, dispatch center, communication's network, equipment, manpower and training programs, and "fire load" (structures and facilities within the district).

The Waveland Fire Department area is now rated class eight and BaySide, East and West Hancock, Clermont Harbor and Leetown Fire districts have class 10 designations.

PAS DE DEUX—Ben Stevenson, center, artistic director of Houston Ballet, is joined by Hsiao Su Hua, left, dance instructor at the Peking Dance Academy, and Zhang Shu, right, director of ballet at the Academy while on a teaching journey to the People's Republic of China. The visit is the subject of Pas de deux A Dance of Two Countries: China and America airing at 9 p.m., Monday, July 27, on Mississippi ETV.

Sheriff disputes DA's comments

By ELLIS CUEVAS

Hancock Sheriff Ronald Peterson took issue Thursday with comments made by District Attorney Albert Necaise to the Echo in reference to the sheriff's department not having anyone available to testify in the R.D. (Bob) Rippetoe venue move last week.

Peterson said, "We are willing to testify anytime in any case. Just because the District Attorney's office is not prepared for a case, I do not want the DA to shift the blame to my department."

Peterson continued by saying, "We are the ones who initially pursued this matter, (Rippetoe's involvement in the

Gulfview School tornado repairs.)"

Necaise told the Echo Wednesday that he was involved in a murder case in Harrison County and was not even aware that pre-trial motions were set for a hearing Wednesday in the Rippetoe case.

Necaise stated, "I wish we did have some witnesses."

"Glen (Cannon, assistant district attorney handling the state's case) called me and told me the judge had given 10 minutes to come up with witnesses. He said he went to the sheriff's department but couldn't find anybody willing to testify," Necaise had allowed.

Sheriff Peterson commented Thursday, "We were at the courthouse all day Wednesday, as we appeared before the Grand Jury," in disputing Necaise's comments.

Judge Kosta Vlahos deferred ruling on whether to grant a change of venue in the false pretense trial of Rippetoe in connection with the Gulfview Elementary tornado repairs.

Vlahos stated he will wait to rule on the motion until after he hears responses of prospective jurors during selection interviews by both state and defense attorneys. A trial date has not been set.

Jury report.....

CONTINUED FROM PAGE 1A

position is vital to the county school board and district.

HANCOCK GENERAL HOSPITAL.
The Grand Jury found general condition of Hancock General Hospital to be "neat and clean."

However the report noted the need for additional storage space and recommended better organization of trash in the back yard of the hospital.

The report also states that Phillip Langston, hospital administrator, informed jury members of future plans to improve and increase parking space in front and on the sides of the hospital to help the hospital and the Hancock County Health Department.

HOME FOR AGED

The Grand Jury reported the Hancock County Home for the Aged to be a "neat, comfortable, well managed institution."

The report recommends repairing ceiling fans in the sitting room, mowing the grounds more often, and installing smoke and fire detectors.

CHANCERY CLERK'S OFFICE

The Grand Jury agreed with Michael Necaise, chancery clerk, that a computer should be purchased for the chancery clerk's office to save time and money.

Microfilming old records on the third

floor of the courthouse, having the area put in order and monitored when in use is also recommended.

The jury further recommended Necaise continue having county records put on microfilm and stored in the Archive Vault in Jackson at no cost to the county.

The report concluded with a recommendation that Necaise "standardize employee benefits."

HANCOCK COUNTY FORESTS

The Grand Jury agreed with Kenneth Burchfield, protection forester, that four crews be available during the fire season; that citizens report all fires to the proper authorities and be available to report to court to prosecute arsonists; that citizens be educated concerning the need to acquire fire permits before burning.

TAX COLLECTOR-ASSESSOR

The Grand Jury commended Edward Murtagh, county tax collector-assessor, on the current property re-appraisal program and also commended him for the "In House" method of re-appraisal; a program which is saving the county "much money, and utilizing local help."

YOUTH COURT

The Grand Jury reported the county Youth Court is in good physical condition and is "adequately utilized."

Some 60 cases were considered by the Grand Jury during the four day session. Forty two indictments and five no-bills were returned. Three cases were pasted to the next Grand Jury and eight were stricken from the docket.

Some 25 witnesses were heard and three cases were referred to Justice Courts.

Eighteen people were seated on the July Grand Jury.

Adolf G. Uram, 64, a cemetarian and resident of Bay St. Louis was appointed forman. Other jurors included Lester John Ladner, 23, employed in a receiving department; Mary C. Ladner, 28, housewife; Linda Cuevas, 28, housewife; Scott T. Rutherford, 23, Waveland, offshore worker; Jesse L. Davis, 64, farmer; Merle A. Stoufflet, 43, Waveland, secretary; Clifford Ladner, 41, teacher; Lawrence L. Martin, Waveland; photographic lithographer; Doris A. Vogt, Waveland, clerk; Kim L. Ladner, 22, Dupont technician; Betty Lee Thomas, 47, homemaker; Betty B. White, 22, Avon representative; Millie C. Harrel, 31, housewife; Mary P. Evans, 54, Bay St. Louis, Omni office supply employee; Deborah A. Ladner, 27, homemaker; Alvin B. Lee, 50, self employed; Edith B. Sigg, 69, Waveland, retired.

Knights' Notes

Despite being rained out or opening night, Our Lady of the Gulf Parish Fair can be termed quite successful.

On Saturday and Sunday evenings, the fairgrounds were crowded with people of all ages.

Games and concessions were manned by Knights and members of the Ladies' Auxiliary working to make the fair a success.

The Ladies' Auxiliary this year sponsored the white elephant booth where fairgoers were treated to a large array of miscellaneous items for sale.

Highly evident throughout the fair was Leslie Blase who, besides assisting at the doll booth, could be heard on the PA system calling attention to all the fair activities.

The Knights were highly visible at most of the concessions as they sold beer, cotton candy, and snowballs.

Gene Monti, as he has for many years at the fair, not only made the cotton candy, but donated fishing nets which he made to be used as prizes.

Kelvin Schulz donated the snowball machine, ice, cups and straws, and syrups used for the snowball concession at the fair as well as working at the fair.

The council operated the games at the fair and have pledged to donate the proceeds of last Sunday night's games held at the KC Hall to the Parish.

We wish to thank all Knights and Ladies who donated their time and services to the parish fair, especially Brother Joe Marochino, who was fair chairman this year.

Special thanks also to "Newton" and "Mike" for their contributions to the fair.

This Sunday, July 19, marks two important occasions for the Knights of Columbus.

The clean-up of St. Mary's cemetery will be conducted from 6 a.m. until noon.

This will be the final clean-up of the year and the Knights are looking forward to volunteers joining them in this special community project.

Please, bring your own tools in order that the Knights have tools for everyone. Cold refreshments will be provided.

The Knights of Columbus and Peter Claver will be at the cemetery until noon and they ask all parishioners of Our Lady of the Gulf and St. Rose to help make the cemetery the place it should be by pitching in to clean away debris and cutting grass.

As George DiBenedetto puts it, "With All-Saints Day approaching, our cemetery should not be an eye-sore. We should always be concerned with the resting place of our loved ones."

State Deputy Don Oldmixon has announced in the Magnolia Knight that a School of Columbianism for the South Region, which includes Pere Le Duc Council, will be held this Sunday, hosted by Bishop Gunn Council No. 1583, opening at 10 a.m.

According to Oldmixon, these schools are held in an effort to bring council officers and committeemen up to date with the duties and responsibilities of their respective offices and the supreme and state service programs.

The School this Sunday, the first of three regional meetings held through July and August, is modeled after similar programs held in Louisiana and Texas, and is prepared for grand knights, financial secretaries, treasurers, program directors and membership directors.

Deputy Grand Knight Paul Seckow urges all Pere Le Duc officers to attend this instructional program.

Our own installation of officers will be Friday, July 24 at 8 p.m. at the KC Hall.

Bishop Howze will be among the guests.

Officers of the Knights of Peter Claver will also be our guests.

Open Daily 9-9

Descendants of M. Strong family

PRITCHETT HOME-The meticulously landscaped yard of James Pritchett, 500 Esplanade in Bay St. Louis, qualified for Garden of the Month honors for July.

WAVELAND WINNER-The residence of Mr. and Mrs. Russell Sutton, 110 South Beach, was selected by the Bay-Waveland Garden Club as July Garden of the Month.

DIAMONDHEAD HONORS-An array of greenery borders the rustic home of Mr. and Mrs. Selgman J. Kahn, Kalipokohna Way in Diamondhead, capturing July Garden of the Month honors.

Lee, Spiers to wed July 25

Clarence Lee of Picayune announces the forthcoming marriage of his daughter, Mary Phyllis, to Gregory J. Spiers, son of Mrs. Hilda Bennett of McHenry and the late E.J. Spiers.

The bride-elect is a graduate of Hancock North Central High School, Pearl River Junior College. She was graduated from the University of Southern Mississippi in 1978 with a degree in elementary education.

The prospective groom is a graduate of Harrison Central High School. He served three years in the United States Marine Corps and is employed with Ernest Ladner Framing Contractor.

The couple will exchange vows in a July 25 ceremony at 3 p.m. at St. Charles Catholic Church, 1000 Goodyear Blvd. in Picayune. A reception will follow at the Klu Klux Veterans of Foreign Wars Hall.

Family and friends are invited to attend.

MARY LEE AND GREGORY SPIERS

Strong family plans reunion

Descendants of Jasper Strong will meet at Buccaneer State Park, Waveland, Saturday and Sunday, August 26-27 for their first family reunion.

Descendants of the Charles M. Strong family of Bay St.

Louis and his brother William Chase Strong of Yazoo County, Miss., are among those related to Jasper Strong.

The event will begin at 10 a.m. and each family is asked to bring their own lunch. Live music and games are

planned as part of the entertainment.

A small donation will be accepted to defray costs.

For more information contact Ms. Peggy Strong Watkins at 452-2700; Mrs. Joyce Garcia at 467-4217; or Mrs. Myrtle Burke at 255-7883.

Peterson, Cook to wed July 25

Mr. and Mrs. John V. Peterson of Waveland announce the forthcoming marriage of their daughter, Holly Louise, to Edward John Cook Jr., son of Mr. and Mrs. Edward J. Cook Sr. of Waveland.

The bride-elect is the

granddaughter of Helen Carver of Bay St. Louis and the late Charles O. Carver and Mr. and Mrs. Harold Garcia of Clermont Harbor.

The prospective groom is the grandson of Pete Noto of Waveland and the late Zona Noto.

The couple will exchange vows July 25 in a 2 p.m. ceremony at the home of the groom's grandfather, Pete Noto. A reception will follow at Travis Lounge.

Family and friends are invited to attend.

Zengarlings celebrate 30th

Mr. and Mrs. H. Bully Zengarling of Bay St. Louis were honored with a barbecue July 11 on the occasion of their 30th wedding anniversary at

the home of their daughter and son-in-law, Mr. and Mrs. Michael (Joyce) Lee of Bay St. Louis.

Also hosting the event were

daughters and sons-in-law Mr. and Mrs. Clement (Alice) Ladner and Mr. and Mrs. Jeff (Lisa) Hinson, all of Bay St. Louis.

Les Petites Cheries elect officers

The Les Petite Cheries High School Sorority has elected the new officers, big brothers, and sponsors for 1981-82.

New officers are, president - Margaret Caruso; vice-president - Barbara Boyd; secretary - Michelle Bourgeois; treasurer - Renee Rosetti; and sergeant-at-arms - Paulette Shlyou.

Also ball chairman - Donna Gilmore; representative - Gina Seymour; historian - Alesia Smith; and social service chairman - Sharon Bernond.

The newly elected big brothers are, Scott Carter, Mark Schultz, Rickey Ladner, Marc Fousanan, Stevie Kidd, Dwayne Alleman, Donny Dwyer, and Billy Morgan.

New sponsors are Sharon Seals, Bobby Boyd, Barbara Powell, Elaine Lafontaine, Karen Compretta and Patsy Dubuisson.

The club meets every Monday night.

They sponsor many fund raising projects yearly to support an annual spring ball and a trip every year. They

will be leaving for Florida July 24.

Members elect a pledge class every year with girls finishing the 9th, 10th, and 11th grades.

The girls were chosen on

May 11 and went through pledging till June 19.

The "Best Pledge" award this term went to Donna Palmisano a student at Our Lady's Academy.

August wedding planned by Lott, Forte

Mr. and Mrs. H.W. (Tinker) Lott of Bay St. Louis announce

the engagement and forthcoming marriage of their daughter, Darlene Mary, to Gerald Robert Forte, son of Mr. and Mrs. V.P. Forte of

Pass Christian.

The bride-elect is a 1974 graduate of Bay Senior High School and received a master of education degree from the University of Southern

Mississippi in May 1980. She is employed as a teacher in the Bay St. Louis City Schools.

The prospective groom is a 1973 graduate of Pass Christian High School and is

self-employed in the seafood business in Pass Christian.

The couple will solemnize vows on August 29 in a 2 p.m. ceremony at Our Lady of the Gulf Catholic Church.

SUNDAY, JULY 19, 1981-1B

VFW auxiliary initiates community activities program

Ladies Auxiliary to Veterans of Foreign Wars, Department of Mississippi, Community Activities chairman Hilda Rinewalt announces the addition of an auxiliary community activities program on national, state and local levels.

There are more than 640,000 members of the auxiliary nationally and 6,200 members in 78 auxiliaries in the State of Mississippi are available for service to benefit cities, towns, communities, individuals and other organizations, not affiliated with VFW and auxiliary, through their community activities program.

To promote Americanism they present thousands of flags and flag etiquette booklets to churches, schools, public buildings, youth groups, and others.

National holidays are observed and emphasized each year.

Many dollars are raised by auxiliaries each year to aid cancer patients and for cancer research.

Projects are initiated and promoted to help in time of disaster, promote safety, aid schools and churches, and to preserve and increase the beauty of our land.

Many projects are held which benefit the elderly, residents of nursing homes,

shut-ins and children in childrens homes.

Volunteer service is rendered by members who provide treats and entertainment for patients in VA Hospitals, military hospitals as well as nursing homes where veterans are treated. Through letters, telegrams and visits with legislators, support to legislative goals of benefit to servicemen, veterans and their dependents are sought.

The auxiliaries give support to the VFW National Home which houses children of veterans in a home type environment. The auxiliaries seek information on children who are in need of this type

care and who qualify for admittance.

Auxiliaries sponsor many other projects each year. With the VFW, the annual Voice of Democracy broadcast scriptwriting contest for high school students offer more than \$350,000 in scholarship awards on state and national levels.

Local auxiliaries support many local drives and organizations in their communities.

Auxiliaries are ready to serve in any or all of these efforts and invite opportunities to serve and live up to our motto "Honor the Dead by Helping the Living."

Pass VFW auxiliary hosts party

The Auxiliary to VFW Post No. 5631, Pass Christian entertained patients at the Miramar Nursing Home with a birthday party July 19.

Cake and punch were served by Auxiliary president Mary Fedele; Bernice Nippo; Evelyn Lizana; Lula Vella; Ernestine Bradley; and Georgia Bridges.

The Bay Sextet, a group of young musicians, provided entertainment.

The auxiliary hosted a pot luck supper Thursday, July 9 at the post home, preceding the monthly business meeting.

Jack Smith, Chief of Volunteer Service for the VA Hospital in Gulfport was guest speaker.

BIRTHS

LARRY GIANMANCO JR.

Mr. and Mrs. Larry J. Gianmanco of Bay St. Louis announce the birth of their first child, Larry Joseph Jr., July 8, 1981, at Hancock General Hospital.

He weighed 6 pounds, 15 ounces.

Mrs. Gianmanco is the former Mary Ann Oliver.

Maternal grandparents are Mrs. Leon Grubbs of Bay St. Louis and the late August Oliver.

Paternal grandparents are R.L. Gianmanco of French

Settlement, La. and Mrs. Jean Whitehead of Denham Springs, La.

CHRISTOPHER ROBERT RIVIERE

Darlene Riviere of Waveland announces the birth of her first child, Christopher Robert, July 7, 1981 at 12:28 p.m. at Hancock General Hospital.

He weighed 8 pounds, 5 ounces.

Grandparents are Mrs. Dorothy J. Riviere of Waveland and James Riviere of Metairie, La.

DORI AMANDA RAY

Mr. and Mrs. Donald Ray Jr. of Bay St. Louis announce the birth of their third child and second daughter, Dori Amanda, July 7, 1981 at 4:04 p.m. at Sidel Memorial Hospital in Slidell, La.

She weighed 8 pounds.

Mrs. Ray is the former Alice Ladner.

Maternal grandparents are the late Mr. and Mrs. Chris C. Ladner of Lakehurst.

Paternal grandparents are Mrs. Agnes Ray of Waveland and the late Donald Ray Sr.

PAGEANT WINNER-Jennifer Bick, 7-year-old daughter of Margaret Benny of Bay St. Louis and James Bick of Portsmouth, Va., recently captured third place in the Little Miss Portsmouth Pageant held in that city. Jennifer was among 28 contestants chosen from more than 2,000 applicants.

URBAN COWBOY-Bugs (Bo) Favre III, 2, son of Mr. and Mrs. Hugo Favre Jr. of Bay St. Louis was named first alternate in the West Master division of the first annual Urban Cowboy and Cowgirl Pageant June 12 at the Mississippi Gulf Coast Convention and Convention Center. He was last stage personality, most charming and photogenic in the 12-24 month age classes. He is the grandson of Mr. and Mrs. Favre Sr. and Mrs. Favre, George W. Hether and great-grandson of Mrs. V. Favre, all of Bay St. Louis; and great-grandson of Mrs. Melissa McManey of Collins, Miss.

MORMON MISSIONARIES—Missionaries of the Church of Jesus Christ of Latter Day Saints currently working in the Bay St. Louis-Waveland area are Elder Bret Dixon, left, of Jerome, Idaho and Elder Brett Heninger of Liberty, Utah. Dixon has replaced Elder Cory Gherkins who has been transferred to Baton Rouge, La. (Echo staff photo by Edgar Perez)

Pulpit Points

BY DR. L.S. WALKER

JESUS LIVED that He might die, and He died that we might live — eternally. He came from Heaven to earth that we might go from earth to Heaven. He is our Saviour!

"I am come that they might have life, and that they might have it more abundantly. I am the good shepherd: the good shepherd giveth his life for the sheep." — John 10:10-11.

While the handy work of God is seen in all creation; the supernatural beauty of nature lavishly displays the touch of the infinite. "The heavens declare the glory of God; and the firmament sheweth his handy work" (Ps. 19:1); and Jesus Christ, the incarnate Word, is "the brightness of His glory, and the express image of His (Father's) person" (Heb. 1:3). It is the inspired written Word which reveals His infinite will and purpose in the redemptive process wrought in Jesus Christ.

"He was delivered (sacrificed) for our offenses, and was raised again for our justification" (Rom. 4:25).

"For He (God) hath made Him (Jesus Christ, the Son) to be sin for us, that we might be made the righteousness of God in Him" (II Cor. 5:21).

Nature forms us; sin deforms us; education informs us; but only Christ can transform us. "Therefore if any man be in Christ, he is a new creature." (II Cor. 5:17).

Jesus Christ is the center piece of world history; to Him everything looks forward or backward.

Then, if Christ is the "Way," (John 14:6) and He is why we waste time on some other way? (Acts 4:12; Prov. 14:24).

Christ, our Saviour and Lord, empties away empty except those who are full of

themselves.

"In the beginning was the Word," John declares; "and the Word was with God, and the Word was God. (Divine)" (John 1:1).

"All things were made by Him" (John 1:3; Gen. 1:1-31; Heb. 11:3; Col. 1:16-17). "In Him was life; and the life was the light of men" (John 1:4).

"He was in the world, and the world was made by Him, and the world knew Him not (how tragic!)." He came unto His own; and His own received Him not. But as many as received Him, to them gave He power (right and authority) to become the sons of God, even to them that believe on His name: which were born, not of blood, nor of the will of man, but of the will of God." (John 1:10-14).

And the word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth" (John 1:14-17).

Little wonder that Paul the Apostle wrote: "According to my earnest expectation and my hope, that in nothing shall I be ashamed, but that with all boldness, as always, so now also Christ shall be magnified in my body, whether it be by life, or by death. For to me to live is Christ, and to die is gain" (Phil. 1:20-21).

Maybe this explains why some seven hundred or more years before the virgin birth of the Christ child in Bethlehem, Isaiah the prophet said: "And His name shall be called Wonderful, Counselor, The mighty God, The everlasting Father, The Prince of Peace" (Isa. 9:6).

My friend, what does all this mean to you? Is He your Saviour? Child of God, is He your Lord?

DRUG QUIZ

by Curt Scarborough, Ph.D.
Used by permission; all rights reserved by DATE, St. Louis, Mo.

QUESTION: Daily use of marijuana by high school seniors has declined from 11% in 1978 to 9% in 1980. Seniors now associate health risks with regular use, and peer disapproval also is on the rise. What percentage of seniors personally disapprove of regular marijuana use?

a) 95% c) 55%
b) 75% d) 35%

ANSWER: According to a recent survey, half of all seniors now believe a "great risk" of harm is associated with regular marijuana use — up from 35% in 1978. Disapproval of regular marijuana use has increased from 66% in 1977 to 75% in 1980. Current usage during the month preceding the survey also dropped from 37% in 1979 to 34% in 1980.

Correct answer - b.

For further information about alcohol and drug abuse write Christian Action Commission, P.O. Box 530, Jackson, MS 39205.

Vacation school registration set

A Vacation Church School planned by Main Street United Methodist Church in Bay St. Louis will be for children four-years-old through sixth graders.

"We will begin with registration Monday, June 20 at 9 a.m. on the lawn beside the sanctuary," a school spokesman reported.

The sessions will last until 11 a.m. each day through July 24.

Many activities are planned for each group of children, combining study, discussion, entertainment.

The grand finale will be a parade down Main Street Friday, July 24 at 10:30 a.m.

Family and friends are invited to come and see the children marching and singing and showing off things they have made.

St. Rose de Lima Parish News

FAIR REPORT

A very special word of thanks to all who helped with the fair.

Special mention goes to our chairperson, Charles Joseph III. He was greatly helped by Carlton, Dom and Chris Mitchum; Ellsworth Collins, Emilie Hazeur Jr.; Brian Labat, Derrick Smith, David Joseph and by the chairpersons of the various booths and activities:

Sharon and Yolanda Alexander, Nellie and Saunders Bell, Marguerite Bennett, Gisele and Lonnie Bradley, Byron Curry, Chiquita Dorsey, Harry and Mae Farve, Catherine Ishem, Yola Jackson, Charles Johnson, Gerry Lang, Cindy Lizana Sr., Ann Miller, Clarence, Fred and Joan Mitchum; Carmen Montgomery, Alvina Nichols, Mel

and Rose Raboteau, Louise Smith, Robert Weaver Jr., Thelma White, Clementine and Marilyn Williams and by all their helpers.

Thanks also to Brother Lawrence, Paula Fairconnetue and Catherine Farve for their public relations efforts.

Finally, thanks to Thaddeus Jackson for his truck trips to New Orleans and to the fine clean-up crew.

NAACP

Hancock County Branch NAACP will hold its regular meeting Monday at 7 p.m. in St. Rose Cafeteria.

CONCERNED CITIZENS
The Concerned Citizens of Hancock County will meet Thursday at 7 p.m. in the St. Rose Cafeteria.

SOFTBALL TOURNAMENT
St. Rose parish will sponsor an invitational softball

tournament Saturday and Sunday at the Commagere City Park.

T-shirts commemorating our recent 55th annual fair will be on sale.

MASS SCHEDULE

Daily, 6:30 a.m.; Saturday, 6 p.m.; Sunday, 7 and 9 a.m. and 6 p.m.

CONFESSIONS

Half hour before each Mass.

Registration is now open for the
1981 - 82 Kindergarten Session
at

By S. Grady Thigpen

Before movies, radio and television, practical jokes, pranks were popular entertainment forms

Pranks in the Old Days
Back in the old days there were few sources of amusement or entertainment. There were no radios, no television, no stereos, no talking machines, no picture shows, no basketball games, no football games, no golf, no cars to go long distances for any sports or amusements. People actually hungered for entertainment — for something to laugh at or have fun with.

Because of the lack of amusement or entertainment, the playing of pranks and tricks was much more common than today. A harmless trick played on someone would cause much merriment and be retold and laughed about for weeks and months over a whole community.

For instance, when pranksters pushed over the outhouse on halloween, the old man came in to the community store boiling with rage.

Another old gentleman present at the time said, "They pushed mine over too but I did not get fighting mad about it like you have."

"But," said the enraged old man, "I was in mine when they pushed it over."

Hugh Lee of Leetown 10 miles east of Picaune likes to tell of a prank he and his brother played on an old Baptist preacher more than 80 years ago.

The old preacher spent the night at the Lee home. High's father told the boys to water, feed and take care of the visitor's horse.

The regular ration for a horse was about 10 ears of corn. They fed the horse that night and the next morning. After the horse had eaten his food, Hugh and his brother gathered up about 50 or more corn cobs and put them in the horse's trough, making about 70 cobs in all.

They got out of sight to see what the old man would do when he found so many cobs in the trough.

When the preacher went into the stable and saw all the cobs, he called Hugh's father to come see what had happened. High's father saying, "Those boys ought to have had more sense than to feed a horse all that corn..."

Hugh said, "That's when we almost busted out laughing."

The old preacher was greatly worried. After discussing the matter they decided it would be a good idea for the old man to delay his departure until noon to see if the horse got sick. It showed no ill effects and the preacher left shortly after noon.

Their father warned them to never again feed a horse so much corn. Hugh laughs about this prank now — 80 years later.

Some of the pranks played were somewhat rough by present day standards. At the monthly service up at Bethel Baptist Church on a summer day more than 80 years ago, a young man who lived in or near Picaune rode a horse the 20 miles to get there.

The attraction that caused him to make this long 5 to 6 hour ride was the pretty girls at the home of an old gentleman who lived nearby.

This young man among a number of others was invited to dinner at this home. It was the usual custom back in those days for those who lived near the church to invite those who lived further away to take dinner with them.

At my old home up in Jasper County I have seen as many as 10 to 20 people go to our home for Sunday dinner after preaching service.

I always looked forward to company as extra good food would be prepared for company.

On this particular occasion when the young man from Picaune visited up above the Cross Roads, there were so many people at the old home that they had to set the table three times.

While the third group were

eating the old man at this home took some of his wife's silverware and in the presence of about two-thirds of those there put it in the saddle bags of the young man from Picaune.

When those living furthest away were preparing to leave for home, the old gentleman said, "Don't anybody leave. Someone has taken some of my wife's silverware and we want to search every buggy, every surry and every pair of saddle bags to see who got it."

They started the search and soon found the silverware in the saddle bags of the young man from Picaune. Our young man was dumbfounded as he saw the silverware taken from his saddlebags. He was so embarrassed he could not speak. Those present held back as long as they could, then burst out in laughter.

The young man, seeing how he had been tricked, and being told how the silverware had been put in his saddle bags began to laugh with the others.

I am sure that some of those reading this will wonder why he had saddle bags with him. On a trip like this on a hot dusty road for hours, his clothes would become sweaty and dirty.

He carried a clean shirt and collar, and maybe other things in his saddle bags and would likely stop at the nearest little stream nearest his destination to clean up before going on.

Another rather common prank was to tell some young

fellow that a certain person wanted him to go to his or her house as it was important to see him at once.

When he went the other person would know nothing

about it, so he would thus be embarrassed.

Pranks like these are seldom heard of now but were more or less common back in the good old days.

An Important Message To Present And Former Customers Of Mississippi Power Company

YOU MAY BE ELIGIBLE FOR A REFUND CHECK IN DECEMBER

In mid-1975, Mississippi Power Company filed suit against Peabody Coal Company for failure to deliver coal contracted for shipment to its generating plant in Harrison County. The company initiated this legal action to protect its customers from unnecessary fuel cost increases. Between June 1975 and December 1980, customers paid higher fuel costs through the fuel adjustment because Mississippi Power Company had to buy coal at higher prices than those provided for under a long-term contract with Peabody Coal Company.

Mississippi Power Company and its coal supplier settled the dispute earlier this year. As a result of Mississippi Power Company's efforts, approximately \$34 million will be returned to retail customers by check in a special mailing in December 1981.

Customers who received electricity from Mississippi Power Company between June 1975 and December 1980 are eligible for a refund based on kilowatt-hour usage during that five and one half year period.

Please don't confuse Mississippi Power Company with Mississippi Power & Light Company. The names are similar, but they are two different utilities. Mississippi Power Company, headquartered in Gulfport, serves customers in 23 southeast Mississippi counties.

No Action Is Required—You Automatically Will Receive A Refund Check—If All 3 Conditions Apply:

- 1.** You received an electric bill for the month of December 1980, AND
- 2.** You received service between June 1975—December 1980 and did not move during that period, AND
- 3.** You have not moved since December 1980.

Return This Form If Either Of These Conditions Apply To You:

- 1.** You moved anytime between June 1975—December 1980,
- OR**
- 2.** You have moved since December 1980.

This information will be used to verify service records and to obtain current mailing addresses of customers who have moved. If you can include a copy of a bill received at a previous address, it would be helpful.

THIS INFORMATION MUST BE RECEIVED BY MISSISSIPPI POWER COMPANY BY SEPTEMBER 30, 1981. PLEASE REPLY ONLY ONCE.

Story Hour begins again Thursday

The Hancock County Library System's regular story hour begins again Thursday, July 23 at 10:30 a.m.

All pre-school children and their parents or teachers are invited to attend. The stories to be presented

this week are *The Honeybee* and *The Robber: A Moving Picture Book* by Eric Carle; *Little Peep* by Jack Kent and *On Market Street* by Anita Lobel. The program will conclude with a filmstrip made by Rosa Lee Jackson.

LEGAL NOTICES

NOTICE TO BIDDERS

The Board of Trustees of the Hancock County School District will receive sealed bids until 9:00 A.M., Saturday, August 1, 1981 in the office of the Superintendent of Education, 126 Court Street, (Youth Court Building), Bay St. Louis, Mississippi for Air Compressor described as follows:

6 Hp. engine-driven Air Compressor

9.7 cfm free air at 100 psi, 3-cylinder

Single-stage Pump, 30 gal. tank

BY: Billy D. Sills, Secretary, HANCOCK COUNTY SCHOOL BOARD 7-12; 7-16; 7-19; 7-23-81

INVITATION TO BID

Sealed proposals for Chain Link Fencing to be located at Charles E. Murphy School, Pearlinton, MS, will be received by the Hancock County School Board. Said proposals will be received in the Office of the Superintendent, 126 Court Street, Bay St. Louis, Mississippi, until 9:00 A.M., Saturday, August 1, 1981. Any bid received after the closing time will be returned unopened. Proposals will be opened publicly and read aloud.

Duly qualified Contractors may secure from the office of John Mykolyk & Associates, Architects, 115 East Beach, Pass Christian, MS, Telephone 801-452-7832, complete sets of Contract Documents upon deposit of \$25.00 (twenty dollars) for each set obtained.

The full deposit will be refunded on the first set of Documents to Contractors who submit a bona fide bid. All other sets the refund amount shall be 50 percent (fifty percent). Said refunds will be made only for complete Documents in good condition returned within ten (10) days after the bid opening.

No bid may be withdrawn for at least thirty (30) days after the actual closing time for receipt of bids.

Each proposal must be accompanied by a certified check or bid bond, certified or issued by a Bank or Bonding Company in the State of Mississippi in the amount equal to at least 10 percent (ten percent) of the amount of the bid, and made payable without conditions to the Board, as a guarantee that the bidder, if awarded the Contract will promptly execute the Contract Documents.

Contractors proposing to perform work must hold current valid Contractor's Licenses.

The School Board reserves the right to reject any and/or all bids and to waive any informalities in order to award the Contract.

Bid documents are on file in the Superintendent's office for public review.

BY: Billy D. Sills, Secretary, HANCOCK COUNTY SCHOOL BOARD 7-12; 7-16; 7-19; 7-23-81

BUYERS AND INVESTORS, INC.

The undersigned as Secretary of State of the State of Mississippi hereby certifies that duplicate originals of Articles of Incorporation for the above named corporation duly signed and verified pursuant to the Provisions of the Mississippi Business Corporation Act have been received in this office and are found to conform to law.

ACCORDINGLY, THE UNDERSIGNED, as such Secretary of State, and by virtue of the authority vested in him by law, hereby issues the CERTIFICATE OF INCORPORATION, and attaches hereto a duplicate original of the Articles of Incorporation.

Given under my hand and Seal of Office, this 19th day of July, A.D. 1981.

WASTEWATER MANEUVER
 Longo, left, and Waveland Al meet with Bay St. Louis Council from left; Gary Eugene Tay Edward Favre at Waveland the City of Bay St. Louis join

By BRENT MACEY
 The Bay St. Louis City Tuesday approved a resolution vesting the city's intent to Waveland Wastewater Authority. Councilman James Thriffly proposed the resolution, to councilmen the city is not of join the authority, Gerald Ge attorney, stated the resolution way binding.
 Thriffly stated the resolution intent to join will be published input from citizens.
 If 20 percent of the voting pub in favor then the issue must be by vote, he said.
 The resolution states Bay St. will join contingent upon the requirements.
 That the City of Bay St. Louis access to all financial reports, loans, applications, grant applications, water quality and all other data on the Wastewater facility since its and developing stages up to the time.
 Councilman Seldon Seamen
